Sprint Goal:
Have a functional fixed-question prompting interface that retrieves a predefined response from our database. Further populate the fixed content question database and refine the front end, as well as resolving the data transfer issue between the front end and database.

Team Capacities:
    Base Capacity: 10 hrs

Harper:
- Base capacity: 7 hours
- Deducting one hour for interview preparations
- Final Capacity: 6 hours/week

JD:
- Base capacity: 10
- Deduct 2 hours for extremely busy weekends x2
- 6 hours/week (approx 1 per day)

Eddie:
- Base Capacity: 10 hrs
- About 1-2 off from this weekend

User Stories:
- [US 3.4 - Major Requirements](#)
- [US 3.5 - Campus Food](#)
- [US 2.3 - Accurate Responses](#)
- [US 1.2 - Easy navigation of fixed content questions](#)
- [US 3.6 - Clubs and Organizations](#)
- [T3 - Response data displayed cleanly](#)
